

Schedule(s):

Disinfect and clean nappy change stands: **5 days per week**

Equipment/Consumables:

- Disposable Gloves
- Spray Bottle
- Blue CHUX cloths

Area:

- Activity Rooms/Learning Spaces
- Child Amenities

Machinery:

N/A

Chemicals:

Diversey SUMA J512

SWMS:

810 – Cleaning Toilets & Basins

Cleaning Steps:

1. Make sure you have read, understood, and signed off the correct Safe Work Practices.
2. Ensure you are wearing disposable gloves.
3. Collect all necessary supplies including Diversey J512 chemical spray bottles, as well as gloves and CHUX cloths.
4. If no prefilled spray bottle is available, then use the J-Fill Quattro Select unit to dispense the Diversey J512 chemical at the pre-configured dilution ratios into the correctly labelled spray bottles.
5. Nappy change stands to be completed when the cleaning of the amenities task is being carried out to maximise productivity.
6. Spray chemical onto nappy change stands and with the blue CHUX cloth wipe nappy stands thoroughly, removing any marks and stains.
7. Upon completion, ensure all chemical has been wiped with a blue CHUX cloth to ensure all chemical has been removed.
8. Ensure you have completed this task for all children's bathrooms and prep areas.
9. Dispose of CHUX cloth and securely place the spray bottles in their designated areas. Ensure no chemical bottles are left in the activity rooms.

What Good Looks Like:

The Centres should be clean at the end of each evening:

- Nappy change stands thoroughly cleaned and disinfected.
- Removal of all sand, dirt and paint.

Why it's important:

- The cleanliness of the Centres are our customer's first and last impressions of our presentation, so we need to make this a positive one.
- With children moving around the centre, proper cleaning techniques can greatly reduce the risk of cross contamination and the spreading of germs and bacteria.
- Following correct cleaning principles will give our customers a Centre they trust, delivering quality, service and value.
