

# INCIDENT /INJURY REPORTING-

## If you are involved in an incident or injured at work:

- Call your supervisor
- Notify the partner site
- Notify City Safety (Regional HSE Manager, contacts can be found in the City Safety Tile)

City is committed to supporting team members injured at work to recover to full health . The sooner an injury is assessed and treated, the sooner you will return to full health.

InjuryNet is City's workplace injury management provider and can be accessed by contacting your Regional HSE Manager under the City Safety Team tile.

Injured at Work?

***We work safely to get home safely everyday***
